SUBJECT: Thank you

Charisse,

Just a note to thank you and your wonderful staff for providing a loving and nurturing environment for Nicole.

It has helped her grow and evolve into a vivacious young girl who is ready to embark on her next great adventure---
Kindergarten.

Thank you all for your love, encouragement and understanding without which she would not have been able to spread her wings and express herself in a way only Nicole can.

We will miss you all. Especially Hudson!!! We hope you all have many great adventures together and thank you for letting us be a part of the first few chapters.

The Penwarden Family
